ABOUT US

Advantage Gourmet Importers, since 1976, importer and distributor, has earned the reputation for providing the best gastronomic specialties from Italian Family Estate and artisan producers. Our goal is to bring high quality gourmet food to our customers.

We love to personally select and try the products we offer one by one. Our extensive knowledge of artisanal Italian food is part of our success.

We look for natural, organically cultivated foods, meeting along the way artisans who have been using the same techniques for generations. When we think about Italy, we think about fresh, natural, only artisanal high quality products.

Our distribution center located in North Jersey, gives us easy access to customer in the Tri- state Area (New York, New Jersey, Connecticut).
